DESCRIPTION

Extremely powerful 180W RGBW LED projector with motorized 4°~40° zoom for professional indoor/outdoor (IP65) rental, touring and TV applications.

FEATURES

- Extremely powerful 180W RGBW LED projector (>9000 lux @ 5m/ 4°) for professional indoor/outdoor rental, touring and TV applications.
- The fast but smooth 4° to 40° motorized zoom can be used to create incredible zooming effects.
- Thanks to the unique optical lens design this projector produces a perfectly uniform beam with excellent color mixing.
- The sturdy die cast aluminium housing is IP65 waterproof and equipped with **waterproof** power + 3pin/5pin XLR-connectors for easy daisy chaining of several units. This makes this projector your first choice for all kinds **indoor and outdoor applications**: hotels, shops, discotheques, public & amusement parks, fairground attractions, theaters, TV-productions, medium and large stages, ...
- Six DMX-modes from 5 to 17 channels, including 2 modes with user beam angle preset, compatible with our PRO BEAMER!
- The projector looks like a traditional lamp but has all the advantages of LED: energy cost savings!
- Color temperature presets: 2700K ~ 8000K
- White & RGB Calibration for excellent color consistency
- Different dimmer curves and dimmer behaviors
- Menu driven OLED-display with password protection on the rear panel
- RDM compatible (remote DMX-addressing)
- Adjustable PWM (600Hz to 25kHz) makes it also a perfect choice in TV studios (no interferences with TV-cameras)
- Completely silent: the projector is cooled by natural air convection so no noisy fans are needed!
- Diecast aluminium housing with tempered glass and a double hanging bracket for use as floor projector.
- Equipped with a special GORE® vent to prevent moisture and condensation inside the projector.
- Mains cable with IP-rated power connector included!
- Optional "IP-POWER/XLR COMBI CABLE" for easy daisy chaining available in different lengths.
