

Ra 3000Profile

1.000 W high-precision LED moving profile light

ORDER CODE: **RA3000PROFILE**

Ra 3000Profile combines solid-state technology in every single detail and it has been specifically engineered to be not only a high-quality bright light but also silent. **Ra 3000Profile** is able to provide a real 25'000 lumen output with unprecedented beam evenness.

The 6.000 K LED engine has been custom designed to make the **Ra 3000Profile** hit a CRI of 90, TLCI of 92, high R9 and TM30 making all skin tones and colours come to life on stage or in front of a camera.

The **Ra 3000Profile's** CMY system delivers beautiful pastels, stunning saturated colours, powerful primaries, one colour wheel provides split colours, and linear CTO allows the **Ra 3000Profile** to blend in with traditional sources.
