Astera is environmentally-friendly, therefore does not print a full manual for each fixture. Please consider the environment before printing the full manual.

Der Umwelt zuliebe drucken wir nicht zu jeder Lampe eine vollständige Bedienungsanleitung aus.

Technical Data

Input Voltage	90 - 264VAC
Output Voltage	8 x 48VDC, 0.5A
Input Current	4A @ 115VAC / 2A @ 230VAC
Op. Temperature	0°C - 40°C
Relative Humidity	0 - 100%
Size	1147mm x 443mm x 157mm
Weight	8.8 kg (empty)
IP Rating	IP65
Outside Material:	ABS

This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC statement

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

EU Declaration of Conformity

These products comply with the RED (Radio Equipment Directive) of the European Union (2014/53/EC).

This equipment meets the following conformance standards:

- ETSI EN 301 489-1 V1.8.1;
- ETSI EN 301 489-3 V1.4.1;
- ETSI EN 300 328 V1.8.1;
- EN 609 50.

Note: This case is intended for charging AX1 Pixeltubes and for local transportation. For long distance or express shipment, make sure to add an extra layer of protection.

Safety Instructions

Before you operate this unit read the manual carefully. Always make sure to include the manual if you pass/rent/sell the unit to another user. Keep in mind that this manual cannot address all possible dangers and environments. Please use your own caution when operating.

This product is for professional use only. It is not for household use.

- Do not operate the unit in areas of high temperature conditions or under direct sunlight. It will cause abnormal function or damage the product.
- Always follow local safety requirements.

- Only qualified personnel may repair this product.
- Do not open the product housing.
