BT-FOG2000

Description

Professional 2000W fogger with an extremely strong output

Features

This new series of foggers combines the highest demands of professional users with a very competitive pricing. This combination makes these machines the perfect choice for the most demanding rental companies and installers.

3 models are available with the same features, only the power is different!

- Extremely strong output
- 2000W Hi-pressure diecast heater with 45000 cuft/min. (1274m³/min.) output
- Continuous fogging supported (at 50% output)
- Adjustable fog volume 0-100%
- Different ways to control the fogger:
    - Manually or with timer: display + buttons
    - Using the included RF-remote
    - Full DMX control with RDM support
    - USB-connector for use with our optional wireless WTR-DMX DONGLE
- LCD display with touch keys to easily scroll through the settings menu
- Robust and exclusive black "Briteq" housing
- Solid suspension bracket:
    - Serrated swivel mechanism for perfect locking at different inclination angles
    - Prepared for use with OMEGA bracket
- An indented compartment for extra protection of:
    - XLR 3pin + XLR 5pin for maximal compatibility
    - PowerCON TRUE1 compatible in/output (output can be used to power an optional fan)
    - Illuminated Power switch
- Strong 3L fluid tank with level control and clear "empty tank" indication

Technical Specifications
