Astra Beam120IP

IP65 beam moving head with a 120W white Laser source and CMY ORDER CODE: **ASTRABEAM120IP**

Astra Beam120IP stands as a formidable IP-rated pure beam moving head, leveraging a 120W phosphor laser source to cast intense white light. Designed for both indoor and outdoor large stage applications, its power and versatility are unmatched.

This moving head's advanced phosphor laser source, characterized by a notably small light-emitting surface, works in tandem with a custom-engineered optical system. The result is a striking 0.6° fat, parallel beam that excels in long throw aerial effects, offering unparalleled intensity and contrast.

The **Astra** Beam120IP is not just about raw power; it's a hub of creative potential. Its comprehensive feature set enables limitless color possibilities and visual effects. This includes linear CMY color mixing, a color wheel, one rotating gobo wheel, one static gobo wheels and one animation wheel. The unit also boasts four prisms, dual frost filters, and infinite Pan & Tilt rotation, further expanding its capacity for effect possibilities.
