Turn on and Turn off

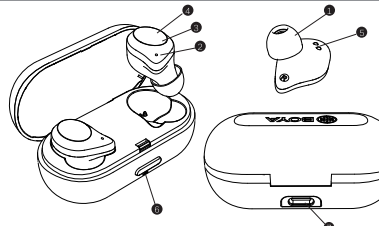

Automatically

- Left/right earbuds will automatically turn on after taken out from charging case.
- Left/right earbuds will automatically turn off after placed back to charging case, with red light up.

Manually

Thank you for purchasing the BY-AP1 True Wireless Earbuds!

Product Structure

Pairing

Double earbuds mode

- Long press left/right earbuds for 12s under off state, the earbuds prompt "Power On"/"Pairing", "DuDuDuDu" in turn, the red light of earbuds steady 2.5s and then turn off, indicate the earbuds successfully restored to factory setting.
- Place both earbuds back to the charging case, close the cover and take them out after a short period, the earbuds will turn on, automatically pair into bilateral mode and re-search for pairing (earbuds red/blue light steady 2.5s, then blue light flash every 0.5s).

Single earbud mode

- Turn on either left or right earbud and wait until blue light flashes every 0.5s.
- Turn on bluetooth function on your device and connect bluetooth named "BY-AP1".

Reconnect

The earbuds will automatically connect with last connected device after turned on again.

Earplug Wearing

For your more comfortable choice, there are 2 kinds of earplugs with different sizes in the packaging.

Basic Operations

- Play/Pause: Double tap left/right earbud.

① Turn ON: long press left / right earbud for 2.5 seconds, left / right earbud will turn on.

② Turn OFF: long press left / right earbud for 8 seconds, left / right earbud will turn off.

Tips

- Both left and right earbuds will automatically turn off after 5 mins if not paired.
- Left/right earbuds will automatically turn off if battery power is too low.

Earbuds Resetting

产品图解

开关机与蓝牙配对

自动开机和蓝牙连接:

- 打开充电盒上盖, 取出左右耳机, 耳机自动开机并相互自动配对, 配对成功后, 主耳机"Du", 副耳机"DuDu"主副耳机自动切换, 左右耳机红灯闪烁5秒为第一次, 等待蓝牙连接配对。
- 邀请打开您的蓝牙设备, 搜索蓝牙名称"BY-AP1", 点击蓝牙名称进行配对连接使用。

注: 蓝牙耳机, 单独将左右耳机从充电盒取出, 等待红灯0.5秒闪烁一次后, 可直接搜索蓝牙名称"BY-AP1"进行连接使用。

自动关机:

- 耳机放回充电盒里时, 耳机红灯亮起。
- 从充电盒中取出后5分钟无连接。
- 耳机电量过低时。

手动开关机:

- 手动长按左/右耳机 2.5 秒, 左/右耳机开机。
- 手动长按左/右耳机 8 秒, 左/右耳机关机。

回连:

- 当耳机与设备蓝牙已连接过, 耳机关机后再开机, 耳机自动回连上最近一次连接过的设备。

佩戴耳机

蓝牙耳机配置2种不同尺寸耳帽, 请根据自己耳朵大小选择合适尺寸的耳帽, 确保佩戴的舒适性。
