

UVPANEL18

UVPANEL18 is a high-power UV LED batten equipped with 18 LED of 3W each, conceived to replace the traditional fixtures based on UV lamps. UVPANEL18 is a flexible and user-friendly projector, controllable in DMX or through the auto and master/slave modes.

- Source: 18x3W UV LEDs
- Beam angle: 15°
- Sound mode: music activation through internal microphone and sensitivity control
- Protocols: DMX512
- DMX channels: 2/5 channel
- Power consumption (at 230V): 48.6W
- Signal connection: XLR 3p IN/OUT connectors
- Power connection: IEC IN/OUT connectors
- IP rating: 30
- Dimensions (WxHxD): 389x197x187mm
- Weight: 4.1kg

UVSTRIP18

UVSTRIP18 is a high-power UV LED batten equipped with 18 LED of 3W each, conceived to replace the traditional fixtures based on fluorescent tubes. UVSTRIP18 is a flexible and user-friendly projector, controllable in DMX or through the IR control and also through the auto and master/slave modes.

- Source: 18x3W UV LEDs
- Beam angle: 126°
- Sound mode: music activation through internal microphone and sensitivity control
- Protocols: DMX512
- DMX channels: 3channel
- Power consumption (at 230V): 53.3W
- Output (at 230V): 26 units on a single power line
- Signal connection: XLR 3p IN/OUT connectors
- Power connection: IEC IN/OUT connectors
- IP rating: 30
- Dimensions (WxHxD): 1065x128,5x65mm
- Weight: 2.35kg

RADIONSTR

Multi-beam combo effect and strobe with 5 colour LED technology (RGBWA) and SMD5050 for the strobe section. The 8 projection lenses offer a wide emission angle, producing hundreds of multicoloured rays in motion and rotation. The central ring of white LED play a strobe effect that can dazzle the audience.

- Light source: 5x3W RGBWA LEDs + 42 LED SMD5050 white
- Beam angle: 65°, 8 lenses produce hundreds of points of light
- DMX mode: 2/5 channel
- Sound mode: switch music via the internal microphone, sensitivity control
- Connections: XLR-3p (signal), VDE plug (power supply)
- Power Supply: AC 100/240V, 50/60Hz
- Average power consumption: 30W
- Power output for connection of multiple units in series: up to 21 projectors at 230V
- Weight: 3.7 kg
- Dimensions (WxHxD): 200x300x310 mm
