13. Please note the precautions, or could result in injury.

Note:The technical data are subject to change without notice.

SBL Kompakt batteridrevet 5W LED lys

SKU:156796

● Product Information

The Bicolor LED Mini Light has an adjustable color temperature output from 3200 to 5600K, featuring a metal chassis, an integrated Li-Po battery, it can fit in your pocket. From the LED screen, the dimmer and color temperature can be exactly controlled for shooting in most scenarios. Besides the built-in diffuser, the fixture comes with an addition filter, which makes the light beam much softer and protect the light source very well. The integrated Li-po battery charges via a USB Type-C port, and can be charged at 5 VDC drawing 0.8 amps, it keeps the light works for approximately 50 minutes at full brightness. The fixture also has a "boost mode" which increases the light's output by 30% for one minute at a time. Having the hot shoe 1/4"- 20 thread, the little light is compatible with all Dslr cameras, camcorders, selfie sticks, gimbals and action cameras.

● Specifications

Model	HF-64B
Output Power	5W
Luminous Flux	500LM
Color Rendering Index	95+
Color Temperature	3200K-5600K
Dimmer	10%-100%/130% (Booster)
Light Source	0.2W SMD LED
LED Quantity	64 Pcs
Battery	1800mAh
Duration	60 min(max brightness)
Charging time	120 minutes
Charging indication	When charging, the red light is on; fully charged, the indication turns on green
Size	68x68x19.5mm

● Overview

① String hole

② LED Display

③ Type-c

④ Booster

Short press to booster the brightness to 130%, long press to indicate the battery remaining level.

⑤ Power switch

⑥ Dimmer/Color temperature control

Increase / decrease the intensity and change the color temperature.

Mode

Short press the button to switch between the modes of dimmer and color temperature control, slide the button to increase or decrease the brightness or adjust the color temperature.
