

Dual colors(2in1) 5050SMD 60LED/M led strip light

1:Specifications:		2:pictures
Items	Parameter	
Item	Dual colors 5050SMD led strip light	
Power	14.4W/M	
Input Voltage	DC12V/24V	
LED Source	5050SMD LEDs	
LED quantity	60LEDs /meter	
Work current/meter	540-600mA	
Details	2in1 5050SMD Chip	
IP Rate	IP20,IP65,IP67,IP68 is available	
Beam Angle	120°	
Working Environment	Working temperature:-40°C~+55°C	
	Working humidity:10%-90%	
Led Life	>50,000 hours	
Warranty	2 years	
Certificates	CE/RoHS	

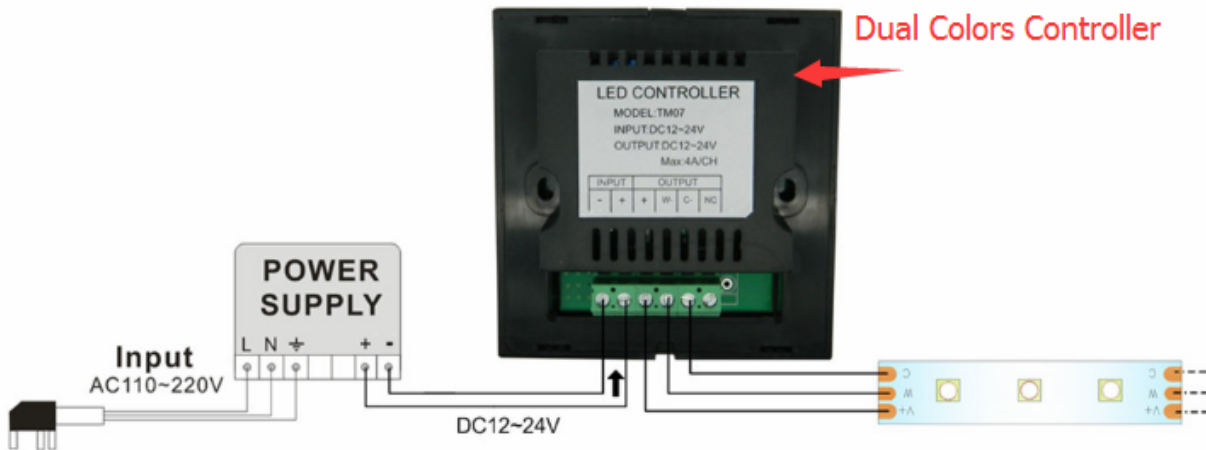

3:led strip 5050SMD Dual colors wavelength(nm/K)

Warm white	Nature white	white	
2700-3300K	4000-4500K	5500-6500K	

4:Working Mode of Dual colors Strip Light:

2700~6500K adjustable with controller.

5:installing:

6:Application:

Architectural decorative lighting,Window display lighting,Amusement park or theater,Emergency lighting,Stairway accent lighting,Ad signs, light boxes,Back lighting for signage letters,Swimming pools and fountains,Swimming pools and fountains,Holiday decorative lighting,Car decorative lighting,Night club lighting
